Verbal Foundations

WORKSHOPS + ONE-ON-ONE

Woodlands Test Prep

Build the skills that matter for SAT & ACT success.

We've chosen the most important academic building blocks for success on the SAT and ACT: understanding what you read, making sense of unfamiliar words, and knowing how sentences work. Your student gets a focused place to start, with skills that carry into the classroom, too.

Yes, language arts can be fun!

We bring language to life through fun games, friendly team challenges, movement, and conversation. Students tackle concepts, talk through their reasoning, and learn with their classmates. And laugh. So much laughing! 🤣

What we'll work on together

Make sentences make sense

Recognize complete sentences and build stronger grammar and punctuation skills.

Tackle unfamiliar words

Use word parts and context to uncover meaning.

Read for understanding

Put ideas into their own words and find the main point.

Connect the dots

See how ideas fit together and choose transitions that make sense.

Give your student a chance to ask questions, strengthen essential skills, and approach reading and writing with more confidence before tackling test-specific preparation.

2011 15 YEARS 2026 ANNIVERSARY

Founded in 2011

Let's find the right fit for your student.
